Joe McDonald Enthusiastically Endorsed for President--The Platform of the Indiana Democracy.

The Hoosier Democracy.

INDIANAPOLIS, June 25.—The democratic state convention was called to order at half past 10 o'clock by Hon. Joseph E. McDonald, chairman of the state central committee. McDonald was received with much applause. The call of counties showed all represented.

Prayer was offered by Rev. Dr. Collin, who asked blessing upon the grand old democratic party, which was greeted with cheers.

Daniel W. Voorhees was elected permanent president. He made but brief remarks. The platform was read by W. H. English as follows:

PLATFORM.

The democratic party of Indiana, in convention assembled, renews the pledge of fidelity to the constitution and to the doctrines taught by the illustrious men who were its founders and illustrated in their administration of the government and insist upon an honest and economical administration of public affairs, federal and municipal. It will resist all efforts to deprive the federal government of any of its powers as delegated in the constitution and will maintain for the states and the people respectively all rights and powers reserved to them in the constitution. It condemns the corrupt and extravagant expenditure of the public money that has prevailed at Washington during the rule of the republican party.

2. That such expenditures may be discontinued and reduced to the lowest point consistent with efficiency in public service we demand the revision and reform of the present unjust tariff constitution of the United States which is only a source of taxing power which confers upon congress the right to establish a tariff for revenue and as a just exercise of that power we favor such an adjustment of the provisions within the revenue standard as will relieve, as far as possible, the necessaries of life from the burdens of taxation and derive the principal amount of revenue for support of the government, economically administered, from luxuries and such tariff should be adjusted without favoritism so as to prevent monopolies, and thus, in effect, promote labor and the interests of the laboring people of the United States. We insist that the surplus revenue shall be faithfully applied to the payment of the public debt. When these revenue reforms shall have been accomplished the people may hope for economical and honest expenditures.

3. The democratic party, being of the people and for the people, favors such legislation as will guarantee the greatest protection to the interests and welfare of the industrial masses. It recognized the fact that the laborer is the producer of the wealth of the nation, and that the laws he so formed as to encourage and promote the interests of progress and prosperity of each and every branch of industry. It favors the enforcement of a national and honest labor law as also a reduction of the number of hours in the days labor on all public works, state and municipal. It favors the establishment of bureaus of labor statistics, state and national. It favors, as far as practicable, the use of prison and reformatory laws, or so as not to compete with the labor of honest citizens upon the outside. It favors the enactment of such laws as will prohibit the employment of children under fourteen years of age in manufactories and workshops. It favors the passage of laws for the payment of labor performed in lawful currency instead of in private and depreciated scrip, and that mechanics shall be secured by a first lien on work done for wages thereon performed.

We demand the strict enforcement of the laws against Chinese immigration, and such legislation by congress as shall effectually prevent the importation of persons under the passage of a contract system who are brought here with no purpose of permanent settlement or residence, a system which reduces wages and deteriorates the character of our home industries. That we recognize the right of all men to organize for social or material advancement. The right of wage workers to use lawful means to protect themselves against the encroachments of monied monopolies and the right to fix the price for their labor compensurate with the work required of them and we hold that every man has a right to dispose of his own labor on such terms as he may think will best promote his interests and without interference by any other person in the relations between capital and labor. The democratic party favors such measures and policies as will promote harmony between them and will adequately protect the rights and interests of both. We deem it of vast importance that private corporations should be prohibited by law from watering their corporate stocks.

Resolved, That it is the duty of the government to repossess itself of all public lands heretofore granted for the benefit of corporations which have been forfeited by a non-compliance with the conditions of the grant, and should hold the same for the benefit of the people. Laws should be passed to prevent the ownership of large tracts of land by corporations or persons not citizens of the United States or who have not declared their intention to become such, as provided by law. Congress should discourage the purchase of public lands in large bodies by any party for speculative purposes, but should preserve the same as far as practicable for actual settlers, and to that end all subsidies of land as well as money to corporations and speculators should cease forever.

The democratic party is the friend of the soldiers and their widows and orphans. We favor the granting of pensions to all persons suffering from disability incurred in service in the army; of granting pensions to soldiers of the Mexican war, and of equalizing the bounties and pensions to soldiers and pensions without limitation as to the time of providing for the widows of all soldiers.

We hold it to be the duty of our government to protect in every part of the world all of our naturalized citizens, including those who have declared their intention of becoming such, according to our laws, the same as we would our native born, and to resist all improper claims upon them by the governments to which they no longer owe allegiance, and our sympathies are with all oppressed people, in all parts of the world, in all rightful and proper efforts to free themselves from oppression and establish free institutions, based upon the consent of the governed.

The democratic party demands reforms in civil service that will again result in the employment of those only who are honest and capable, and that honesty and capability shall again be made a condition of public employment.

The free schools of Indiana are the pride and glory of the state, and the democratic party will see to it that they are not poisoned by the breath of sectarianism or spoiled by waste and extravagance in their management.

We approve of the action of the late democratic legislature in preventing a partisan governor from politically revolutionizing the benevolent institutions of the state, which he had already commenced by the nomination of his party friends to fill the vacancies about to occur in the board of directors of said institutions. We also approve of the repeal by the said legislature of the infamous law passed by the former republican legislature for the settlement of decendent's estates under which law, estates were being consumed by court costs and we declare in favor of reducing all fees and salaries according to the necessities of the times, and that a rigid economy shall be observed in every department of the state and federal government.

We also approve of the passage of the metropolitan police bill by the last legislature.

We are opposed to the calling of a convention to alter and amend the constitution of this state. Such convention would be a great and useless expense and would result in unsettling the laws and systems now well established and understood and which could not be as well understood under a new constitution for a quarter of a century. It will be wise in this matter to let "well enough alone."

It is the sense of the democratic party of Indiana that no subsidy, either direct or indirect, shall be hereafter voted to the contractors of the new state house.

The plank endorsing McDonald was loudly cheered. After the adoption of the platform Isaac P. Gray, M. D. Manson, and David Turpie were placed in nomination for governor and on the first ballot Gray was nominated receiving 699 votes; Turpie, 223 and Manson, 181.

Manson made a speech saying, he had supposed the soldier of two wars would have received more consideration in a democratic convention, but he was satisfied and moved the nomination be made unanimous. Turpie seconded the motion in a brief speech. Colonel Gray responded at some length arraigning the republican party and discussing the Chicago platform.

Several nominations were made for lieutenant governor, but all withdrew in favor of Manson, who was nominated by acclamation and accepted.

W. R. Meyers, of Madison, for secretary of state; James H. Rice, of Floyd, for auditor, and John J. Cooper, of Marion, for treasurer, were renominated by acclamation.

An Unappreciated Musician.

ANDERSON, Ind., June 25.—Herron Richardson, of Adams township, was placed under bonds yesterday morning to keep the peace toward Merideth Stanley and other neighbors. Herron likes to play the fiddle, and his neighbors declare there is more noise than music in his playing. Last night Herron got drunk, and taking his fiddle and a loaded shotgun, serenaded those who considered his music obnoxious, compelling them to listen to him or take a dose of bird shot. Hence the arrest.

Killed by His Son.

GENOA LAKE, Wis., June 25.—Andrew J. Odell, who had been in the state's prison once for the crime of outrage, night before last attempted to outrage a young girl visiting the home of his father, A. H. Odell. The cries of the girl brought the senior Odell to the scene, when he was struck down by his son with an axe-handle and died from his injuries yesterday. Young Odell has been arrested and lodged in jail at Elkham.

The Ohio Democratic State Convention.

COLUMBUS, O., June 25.—Congressman R. Page, chairman of the central committee, called the democratic state convention to order at 10:30 a. m. in the opera house, which was not more than two-thirds filled, it being the smallest number present of any state convention for years. The committee on permanent organization reported and Gen. E. B. Finley, chairman, was introduced. He spoke at length on the importance and predicting the democrats would carry Ohio in October, and reviewed the history of the party in the country. The committee on resolutions, through Elmer White, reported the following

PLATFORM:

Resolved, That the democracy of Ohio reaffirms its platform of 1883 as follows: It endorses the principles of the party as expressed in the various state and national platforms in regard to personal liberty, the true functions of government assembled in political creeds, as expounded by the founder of the democratic party, Thomas Jefferson. The application of these principles to the present condition and demand for the purification of the public service; the punishment of robbers of the public treasury; equalization of all public burdens; the arrest of profligacy and extravagance that corrupt the administration of public affairs, and a total change in the policy that has so long been pursued by the republican party favoring individual and class interests at the expense of the laboring and wealth producing people of the country; and we renew our previous declarations for stable money, the gradual extinction of the public debt and the payment of pensions to all disabled soldiers and their widows and orphans.

2. We favor a tariff for revenue, limited to the necessities of the government economically administered and so adjusted in its application as to prevent unequal burdens, encourage the productive industries as we hope and afford a just compensation to labor, but not to create or foster monopolies.

3. That the just demands of the wool-growers of Ohio and the country for an equitable readjustment of duties on wool, unjustly reduced by a republican congress, so that this industry shall be fully and equally favored with other industries, vouched to be complied with, and we endorse the action of the democratic members of Ohio in their efforts to accomplish this result.

4. The democratic party is and always has been opposed to sumptuary legislation and unequal taxation in any form and is in favor of the largest liberty of private conduct consistent with the public welfare and the rights of others, and of regulating the liquor traffic and providing against the evils resulting therefrom by a judicious and properly graded license system.

5. That we commend the action of the democratic legislature in its abolition of the contract labor system and the reform of known mismanagements and we endorse the legislature and executive in their economical and wise administration of the affairs of state.

6. The protection of the government is due to all American citizens, native and foreign, abroad and at home.

7. We re-affirm the resolutions of the state convention of Ohio in 1880, 1881 and 1882, and of the democratic national conventions at 1872, 1876 and 1880, demanding a thorough reform and purification of the civil service and charge that the republican party has violated every pledge it has heretofore given for the reform thereof, and has failed, during its long administration of the government, to correct even the most potent abuses, and we therefore demand a change of the executive administration of the government itself, as the reform, first of all, necessary, as made more manifest by the star route trials and other iniquities, the party ousting corrupt rings confederated to protect crime and prevent the punishment of criminals, and by so doing make it possible to punish fraud and thefts in the public service.

A radical free trade amendment to the platform was offered by Russell Cleveland and was voted down overwhelmingly.

Congressman Converse offered an additional plank to the platform, declaring that Tilden had been legally elected president of the United States but was defrauded of his office and that he should receive the unanimous nomination for the same office by the democrats this year. The resolution was adopted without a dissenting voice.

A resolution instructing the delegation to vote as a unit in the Chicago convention was tabled by a vote of 385 yeas to 255 nays.

The report of the committee on resolutions was then adopted.

The call of the districts was next ordered for reports of the members of the state central committee, delegates, alternates and electors from the districts as selected at the meetings held last evening.

After the announcement of district delegates the convention proceeded to select delegates-at-large. The names of John R. McLean, of Cincinnati, Lieutenant Governor Warwick, of Massillon, and T. E. Powell were presented with speeches. At this point J. P. Seward, of Richland, moved a suspension of the rules to nominate General Durbin Ward by acclamation. The call of counties resulted: Yeas, 481½; nays, 232½. Ward was declared elected amid the greatest confusion. The greatest excitement prevailed with the delegates all on their feet and the chair unable to proceed with the business. A motion to suspend the rules and nominate John R. McLean, was allowed by Gen. A. J. Warner, who moved to substitute the name of Allen G. Thurman. The convention went wild with demonstration over the presentation of the name of Thurman. A friend of McLean offered a substitute for all motions that Thurman and McLean be declared delegates-at-large and the call of the convention was proceeded with much difficulty on account of the commotion. The call resulted: Yeas, 509; nays, 208. Both men were then declared delegates. Jacob Mueller, of Cleveland, was nominated by acclamation as the fourth delegate-at-large.

The following were selected as delegates-at-large by acclamation: A. D. Marsh, of Mercer; Daniel Flannigan, of Delaware; W. H. Howard, of Clermont; Thomas Welzeller, of Fairfield; Gen. A. V. Rice, of Ottawa, and L. E. Powell, of Delaware.

IN MISSOURI.

ST. LOUIS, June 25.—The state democratic convention reassembled at 9:45 this morning. The return of ex-Governor Phelps, who has been absent from the state all winter and spring, caused a scene. He received an ovation and responded in a short speech, declining the nomination for delegate-at-large. It is understood, however, that Phelps is a candidate for governor. The regular business of the convention was then proceeded with and nominations for delegates-at-large were made.

THE CHOICE OF MISSOURI

The *Globe-Democrat* this morning publishes 500 five to ten line interviews with members of the democratic state convention here, the summary of which shows about 100 delegates in favor of Tilden for president; 400 declare for Cleveland, and the remainder are divided between Bayard and Thurman. The Tilden men are all for Cleveland as second choice, so it can be said that the delegates to the convention are almost unanimously for Cleveland. The convention some two to one favor Gen. J. S. Marmaduke for governor.

Neuralgia's Big Brother

Neuralgia means nerve-pain. There are in the human system nerves of many kinds and of great variety of sizes. Each nerve has its own function, and each its own particular work to do.

In the leg, running downward from the hip, is the great *Sciatic Nerve*, which, with its branches, carries telegraphic messages from the brain, through the leg, to the extremities of the toes. When the *Sciatic Nerve* is affected, you have SCIATICA.

SCIATICA is one of the worst and most gigantic forms of nerve-pain or neuralgia. You may with comparative patience worry through an attack of neuralgia in face or head. That is bad enough, but when *Sciatica* seizes you, you are helpless.

There are various forms of Sciatica. People speak of Rheumatic Sciatica, Sciatic Rheumatism, Sciatic Neuralgia, and all that sort of thing. Call it what you please, it is the disorder of this great Sciatic Nerve. There is just one thing that will stop it.

That one thing is ATHLOPHOROS. It neutralizes that vicious condition of the blood which causes the mischief. In a word, it conquers the whole family of rheumatic and neuralgic ailments. Working quickly, pleasantly and thoroughly, it leaves no evil effects

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

IT is now almost certain that congress will adjourn on the 5th of July.

THE country will feel easier now. Mr. Blaine and Mr. Logan have both accepted.

A FEW days ago 17,000 acres of school lands in Texas was sold at auction for $4 per acre.

THE treasury department will issue $250,000 in $1 and $2 notes the last of the week.

AN Ohio idiot walked ten miles to stop his New York *Times*. The *Times* is still published.

MCDONALD'S boom is booming everywhere. He can be nominated and if nominated he can be elected.

REV. DWIGHT L. MOODY will shortly return home from England. During his visit in that country he has received 3,400 conversions.

THE county fair season is approaching and the country may expect to hear of "Ex-President Hayes." Rutherford will please come forward.

MR. LOGAN, in his speech in response to the notification of his nomination, said he did not seek the place. We fear Jack is inclined to be forgetful.

THE Cincinnati *Enquirer* says, in speaking of a conviction in a murder trial in that city, that "sore-eyed justice seems to be whetting her appetite."

THE republican papers say that Calkins is a good mixer. The temperance people claim the same thing. There's no difference of opinion evidently on that point.

THE *Gazette* pretends to want Cleveland nominated, becase he would be so easily beaten. The *Gazette* might possibly change its mind if he should be nominated.

THE republican party of Indiana should now solicit subscriptions from Messrs. Dudley, Runyan and Hill to erect a monument over their graves after they are dead and gone.

THE appearance of Asiatic cholera in France has caused a terrible panic and business is, in consequence, much depressed. The most vigorous sanitary measures have been enforced.

INDIANA and Ohio are to be battlefields in the coming campaign. Let every democrat and every lover of reform gird his armor about him and take his place in the line. There is to be no faltering.

SINCE the Cincinnati *Commercial-Gazette* was kind enough to tell its readers that the nomination of Mr. Blaine had restored confidence among the people, will it be kind enough to tell us whether the notification of Mr. Logan of his nomination had anything to do with the Morgan failure in New York. They both occured on the same day.

TWENTY years ago twelve wounded Union soldiers met at Niagara Falls and there they entered into a compact that, if living, they would meet at the same place twenty years from that date, the first of July. One has died, and the others are making preparations for the meeting. One is on his way from Scotland and another from Nevada. What volumes of experiences those eleven men will represent.

"WE devote considerable space to Senator McDonald on the first page of this paper to-day in reprinting extracts from leading papers for the double reason that we believe it is good news and that we believe that Mr. McDonald would command more votes than any other candidate the democracy could name, and that he has more administrative ability and would give the country a better administration than would the election of any of the gentlemen now spoken of for the position."—*Kansas City Star.*

THE dynamiters have set the old world in a terrible commotion. The police and other authorities have their hands full to keep track of all their schemes, which, by the way, can never accomplish the object intended. But the authorities are so anxious to obtain a clue and to make the arrest of a dynamiter that they very often only succeed in making fools of themselves. When they capture a man with a supposed terrible machine concealed about his person, with which he intends to blow up the entire country, or when they discover some deep-laid plan, it is telegraphed and cabled all over the world and the next day comes a second message stating that it was a false alarm and the machine was intended for another purpose. Once frightened it seems that they never recover.

THIS is the year above all others when the democracy of the country should be thoroughly aroused to the importance of the campaign upon which we are just entering. Every democrat should be active and energetic in the work which is before him. Every democrat should assist in the election of his county ticket, for its influence will be largely felt upon the state and presidential tickets, and every democrat should be present whenever and wherever he can, if only by his presence, render any assistance. This is to be an individual campaign; one of work, hard work. Never before has the democracy had such a bright prospect as we have this year and this opportunity must be improved. There must be no quarrelling, no rivalry, but like men, like true democrats, let us all stand boldly up for principle and for right. The spirit of democracy expects every man to do his duty.

THE independents of Connecticut met at New Haven a few evenings since and formed a permanent organization. After addresses had been made the following resolutions were adopted:

That the national republican convention in Chicago has in its platform departed from the principles on which the party was founded, and from the purposes for which the party exists; that the convention has still further disappointed those who desire a pure administration and an advance in the standard of political action by nominating James G. Blaine and John A. Logan; that it is the true duty of every man who is in sympathy with the principles of republicanism to stand by those principles even though the party may desert them; that these candidates are unworthy of our support; that a committee be appointed by the chairman, which committee shall nominate and report a standing committee of twenty-five, including themselves, to correspond with other bodies of republican or independent voters who may be in sympathy with our views, and to represent the sentiment of this meeting at any general conference which may be called.

THE Mormons have but lately received a large addition to their numbers from Europe. The Mormon elders seem to meet with much success in the old world. They picture to them a veritable paradise, a land overflowing with milk and honey, where money is plenty and happiness reigns supreme. Those who accept this latter-day faith and move to this country find a sad awakening. It is high time that this stain on America's name should be obliterated. All countries should meet their missionaries in the same manner as did Austria where one was sent to prison because he would not leave the country. The right to worship God according to the dictates of a man's own heart is not and must not be denied, but the countenancing of this open and bold-faced life of harlotry under the guise of a religious belief is altogether another matter. It is a blow at the principles upon which this government rests and it puts to shame true manhood and womanhood. Let it be crushed and crushed speedily or else it will become a dangerous enemy of the republic.

IF two great states the democracy hold conventions to-day, Ohio and Indiana. The eyes of the entire country are upon them as they were turned to New York at the time of her state convention. In both states the democracy present a united and determined front, and the choice of the convention will be the choice of the party. There are no factions to pacify, but there is a general desire for harmony of action, for the selection of the best possible ticket and for success. With such a feeling and such a desire the battle is half won. We have confidence in our own beloved Hoosier dominion, and also in the noble democracy of our sister state, that their work will bear the imprints of wisdom and of prudence, and that it will be manifested in the ticket selected. Give us pure men, good men and a sound democratic platform ringing with reform and economy in the administration of all public affairs and the people will give the victory. This will be done we are confident.

THE republican papers of this city since the convention of last Saturday have been feeding their readers upon stories concocted only by their own fertile imaginations and in the brains of others of their party, that a great revolt among the democracy was in progress; that this man would not vote for the other man, and that such a defeated candidate and his followers would slaughter his more successful opponent. This is all bosh, the same sort of stuff which is ladeled out every year by the republicans in the hope of stirring up ill-feelings where none exists. We do not believe that there is a man in the party who was before that convention as a candidate but who will roll up his sleeves and work for the entire ticket. We do not believe that there is any faction or any body of men who will not support every man named on that ticket. Democrats being democrats, and being true to the interests of the party, to say nothing of personal integrity could not do otherwise. There is too much at stake, as any man can see, and not one will sacrifice the success of the entire ticket of the county, state and national. The democracy of Allen county will be in good fighting trim and will prove that all this blow and bluster of an independent ticket comes only from republicans. This will be proven by hard and earnest work and by a larger majority than ever before given the ticket.

AT Kokomo yesterday Hon. G. W. Steele was renominated on the fourth ballot, by the republicans of the Eleventh district as their representative in congress. The convention was one of the wildest affairs ever held in the state and the climax was reached when Hon. Calvin Cowgill, of Wabash, a man so far superior to Steele in ability that a comparison could not be made, in a bitter speech denounced the unfair methods used to defeat him and withdrew his name. There's music in the air in the Eleventh district and if the democrats nominate the right man he can be elected.

VANDERBILT is now called the great untaxed.

The Voice of the People.

The people, as a whole, seldom make mistakes, and the unanimous voice of praise which comes from those who have used Hood's Sarsaparilla fully justifies the claims of the proprietors of this great medicine. Indeed, these very claims are based entirely on what the people say Hood's Sarsaparilla has done. Send to C. I. Hood & Co., Lowell, Mass., for a book containing statement of many cases.

Miss Lizzie Bradley, of White Cloud, Kansas, is reported to have fasted for more than forty days because of a difference with her stepfather about the insurance on her mother's life. She cannot now recover, her stomach rejecting all food.

The Philadelphia cricketers won the game with the Gentlemen of Leicester. The latter made 152 in two innings to 260 by the Philadelphias in one inning.

Care for the Children

Children feel the debility of the changing seasons, even more than adults, and they become cross, peevish, and uncontrollable. The blood should be cleansed and the system invigorated by the use of Hood's Sarsaparilla.

"Last Spring my two children were vaccinated. Soon after, they broke all out with running sores, so dreadful I thought I should lose them. Hood's Sarsaparilla cured them completely; and they have been healthy ever since. I do feel that Hood's Sarsaparilla saved my children to me." MRS. C. L. THOMPSON, West Warren, Mass.

Purify the Blood

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

WEDNESDAY, JUNE 25, 1884.

THE CITY.

Judge S. M. Hench went to Indianapolis last night.

The Wabash shops are running ten hours a day now.

Frank W. Morse is assistant draughtsman at the Wabash shops.

Miss Eva Nelson, of Indianapolis, is the guest of her Fort Wayne relatives.

W. D. Henderson, the grain dealer, has a Frank Forrester colt of great promise.

Mr. and Mrs. Louis Kassel entertained friends last night in honor of their daughter.

Peter Certia will return to Dakota in a few days. He has big milling interests out there.

The Lafayette street sewer is again receiving notoriety, and the city health officer is asked to suppress it.

Nothing can be done to young Foellinger for assaulting his mother and brother. He is subject to fits.

A building permit has been granted Morris Axt, to build a one story frame house, location not given, to cost $400.

The Millers and Repke were discharged yesterday by Justice Ryan. They were charged with the theft of rugs.

George P. Gordon, the Pittsburg baggage master, was fifty-one years of age yesterday, and can throw a trunk one hundred feet.

Manager Simonson, of the Masonic Temple, has not yet returned from New York. It is feared much trouble is experienced in making bookings.

Next Saturday Supt. Jerry Hillegas will conduct an examination of teachers and the dudes about the court house will pose languidly in the corridors.

The Westinghouse Air Brake company has declared a dividend of 30 per cent. in cash, payable on and after July 1. The brakes are used on Fort Wayne roads.

Aydelotte, the phenomenal pitcher, has been released from the Indianapolis Base Ball club. His arm failed him. This fellow was wanted by the Fort Wayne club.

There is much unpleasant gossip about alleged society females bathing in the St. Joe river with male companions. The names of the St. Joe river party would read nice about this time.

Mrs. P. S. O'Rourke and Mrs. Thomas Meegan and their families leave the last of the week for Green Lake, Wis. They will also take a trip on the St. Lawrence river before returning.

Rt. Rev. Bishops Dwenger and Rademacher are at Lafayette. They will return to this city Thursday, when Bishop Rademacher will be tendered a reception by his old friends and parishioners.

One of the fire engines acted badly at the Hoagland school fire last evening and was tested after returning to the engine house. It threw a stream that deluged the court house from the old court street cistern.

Hon. John E. Lamb, well known here, is to be married soon to Miss Ella Ferry, of Evansville, so the report goes. Miss F. is a daughter of the congenial conductor, James Ferry, who many of our readers remember.

The council met last night and adjourned until to-night. To-night the council will adjourn until to-morrow night. This is to allow the mayor and other councilmen a chance to return from Indianapolis and attend.

Councilman Kensill did not hand in his resignation last night, but at the solicitation of friends will continue to act for a while at least. Mr. Kensill subscribed for THE SENTINEL and still expressed himself as wedded to the canal in preference to all other water supplies.

The Masonic excursion to Rome City Saturday, will be the largest of the season. Special rates have been secured on all roads coming to Fort Wayne for persons desiring to attend and a special train will be run from Bluffton to connect with the Grand Rapids train here.

William Fitzsimmons, formerly a passenger engineer on the Pittsburg, Fort Wayne and Chicago road, has brought suit against that road for $50,000 damages for bodily injuries received while on duty. The case is being strongly contested on both sides. Mr. Fitzsimmons now lives at Youngstown, Ohio.

A band of misguided kids paraded the streets last night. At a late hour they entered a room on West Main street, the sign over which reads: "Headquarters Young Men's Republican Club, Wholesale Dealers in Liquors." The youngsters are not of age and should be spanked and put to bed by fond mammas.

Yesterday a large barn on the premises of Valentine Fox, who lives out on the Bluffton road, was destroyed by fire, together with its contents, hay, grain, wagons, and agricultural implements. The loss will reach about $1,500 with only a $600 insurance on the building. Mr. Fox is an uncle of Louis, Gust and Joseph Fox, of this city.

The Lafayette hominy mills are to be rebuilt.

Rev. Father Koenig is at Huntington on business.

The Catholic Knights meet to-morrow night for drill.

The Masonic lodges do not meet in the extreme warm weather.

The careful small boy now puts his nickel away for the circus.

Miss Ida Metzgar, of Lafayette, is the guest of relatives in this city.

The members of the Bicycle club in the city were out on a regular run last night.

Frank T. Waring and Col. James Humphreys, of Bluffton, were in the city last evening.

It rained all about here yesterday and finally struck this city last night, cooling the sultry weather nicely.

Dr. G. W. McCaskey entertained the members of the Science and Microscopy society at his office last evening.

The New York papers announce the opening of the Manhattan Beach hotel, managed by Capt Henry McKinnie.

A son of W. S. Buck died this morning of scarlet fever. Owing to the nature of the disease, the funeral will be private.

The Monning spice mills now run day and night. Yesterday Mr. J. B. Monning was at Angola in the interest of his house.

John A. Eysen, the Hanna street butcher, was fined for keeping a nuisance, by Squire Ryan. Dr. Metcalfe filed the affidavit.

There will be market to-morrow morning. The attendance this season is light, probably because the accommodations at the Barr street place are not good.

THE SENTINEL stated a few days ago that John A. Waters was fined for assault and battery. It was an error, as another young man was fined for striking him.

The Lowry-Withers marriage will be solemnized in Trinity church at 6 o'clock this evening. A reception exclusively for relatives follows at the Withers' home.

Max Nirdlinger is at Indianapolis to sell at auction Brown and McDonough, the best and about the only players in the Fort Wayne club. Better disband the nine.

Pinkerton's man is still watching the feeder acqueduct and is pretty well satisfied that no person can destroy the canal property to take water or anything else from it.

Carrie Sigman was fined $10 and costs for keeping a house of ill fame near the Academy of Music. Carrie grew indignant and asserted her intention to appeal the case to a higher court.

It was the intention of the relatives of Will Swinney to have him adjudged insane this morning but last night he went to Logansport on a Wabash engine. He is mashed on a Logansport heiress and the fact of her indifference towards him is probably the cause of his dementia.

Jonah Reilly and James Smiley, who were acquitted of the charge of conspiracy to wreck a train on the Pittsburg, Fort Wayne and Chicago road and were released from jail at Plymouth, were yesterday re-arrested on the charge of grand larceny. Sufficient bonds were given to release them, and their trial will be held immediately. The charge is for burglarizing the gun store of Hi Vanvactor.

Medical science teaches that rheumatism or neuralgia, to be successfully met, must be met on its own ground, which is the blood. A remedy that purges the life current of those foul impurities that are the source of so much torture to the frame, is one that may rationally be supposed to fulfill the requirements of an efficient specific. Herein is the power of Athlophoros. It cleans out the poison from the system, and with the blood restored to purity, health returns to the stiffened joints and strength to the tortured muscles.

Chronic Costiveness Cured by Brandreth's Pills.

BULLE BUENO MILL, Arizona Ter.,
Jan. 24, 1883.

For the last two years I have been greatly troubled with costiveness, often ten or twelve days elapsing without any movement of my bowels. I have tried many remedies, but none with success, until I used your vegetable pills—taking three pills and increasing one each night until I took nine, then decreasing one each night. Since then my bowels have continued regular each day, and my headache, sour stomach and general lassitude have left me, and I feel like another man—which is entirely owing to your pills—and I would not be without them in this new country.

It was the intention of the relatives of Will Swinney to have him adjudged insane this morning but last night he went to Logansport on a Wabash engine. He is mashed on a Logansport heiress and the fact of her indifference towards him is probably the cause of his dementia.

Jonah Reilly and James Smiley, who were acquitted of the charge of conspiracy to wreck a train on the Pittsburg, Fort Wayne and Chicago road and were released from jail at Plymouth, were yesterday re-arrested on the charge of grand larceny. Sufficient bonds were given to release them, and their trial will be held immediately. The charge is for burglarizing the gun store of Hi Vanvactor.

Medical science teaches that rheumatism or neuralgia, to be successfully met, must be met on its own ground, which is the blood. A remedy that purges the life current of those foul impurities that are the source of so much torture to the frame, is one that may rationally be supposed to fulfill the requirements of an efficient specific. Herein is the power of Athlophoros. It cleans out the poison from the system, and with the blood restored to purity, health returns to the stiffened joints and strength to the tortured muscles.

Applied to the nostril with the finger. Safe, agreeable, certain. Price fifty cents.

Chronic Costiveness Cured by Brandreth's Pills.

BULLY BUENO MILL, Arizona Ter., Jan. 24, 1883.

For the last two years I have been greatly troubled with costiveness, often ten or twelve days elapsing without any movement of my bowels. I have tried many remedies, but none with success, until I used your vegetable pills—taking three pills and increasing one each night until I took nine, then decreasing one each night. Since then my bowels have continued regular each day, and my headache, sour stomach and general lassitude have left me, and I feel like another man—which is entirely owing to your pills—and I would not be without them in this new country.

Every woman in the Land owes it to herself and her family to take care of her health. When she finds her health failing, and debility and weakness, undermines her strength, her surest and best remedy is Kidney-Wort. ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.
